

## Chapter 17.14 Zoning Districts

### Sections:

**17.14.010 Zoning Districts established.**

**17.14.020 Unclassified areas.**

**17.14.030 Boundary interpretations.**

**17.14.040 Table of Permitted Uses**

**17.14.010 Zoning Districts established.** In order to classify, segregate, and regulate the use of land, buildings and structures, the following zoning districts are created:

- A. Low Density Residential (R-1). This zone is established to provide for lower density single family residential developments in a traditional neighborhood setting. Non-residential uses should be non-intrusive to protect and preserve the neighborhood character and property values. The district is characterized by single family units. The density in the district is generally seven (7) dwelling units or less per acre.
- B. Moderate Density Residential (R-2). This zone is established to provide for moderate density residential developments in a traditional neighborhood setting. Non-residential uses should be non-intrusive to protect and preserve the neighborhood character and property values. The district is characterized by single family units and duplexes. The density in the district is generally ranges from seven (7) to twelve (12) dwelling units per acre.
- C. High Density Residential (R-3). This zone is established to provide for higher density residential developments. The district is characterized by single family units, duplexes and multi-family. The density in the district generally ranges from thirteen (13) or more per net residential acreage.
- D. Suburban Residential (SR) This zone is generally established to provide a transitional area between the low, medium, and high density residential zones and the outlying agricultural areas; an opportunity for suburban residential living in areas close to town where there will not be a conflict with active agricultural production; a buffer between urban areas and those areas reserved for continued agricultural production; a transitional area into which future suburban development can expand as needed; and areas for a continued mixture of low density residential development and hobby farming activities.
- E. Commercial (C). This zone is established to preserve a general business district having a wide range of retail and service businesses, entertainment, government and professional offices and places of amusement in a setting that is safe, convenient, comfortable, and attractive for both pedestrian and automobile access. It is not the intent to promote residences as a primary use in this zone. Uses which by nature are noisy or emit excessive odors, dust and fumes are not appropriate in this zone.

- F. Commercial - Tourist (C-T). This zone is established to provide areas for commercial establishments, which generally offer accommodations, supplies, services or recreational opportunities for the traveling public. Such zones shall only be located on or near interchanges, State highway intersections, or along any generally recognized tourist route.
- G. Light Manufacturing Zone (M-1). This zone is established to ensure that suitable land will be available for businesses and industries. The intent of the light manufacturing zone (M-1) is to:
  1. Establish and preserve areas near designated truck routes, freeways and the railroad for light industrial uses; and
  2. Direct truck traffic onto designated truck routes and off residential streets; and
  3. Minimize conflicts between uses in the light manufacturing zone and surrounding land uses.

For light manufacturing, processing, research and wholesale trade, storage and distribution facilities. Uses permitted in this district should not generate noise levels, light, odor or fumes that would constitute a nuisance or hazard.

- H. Public Land/Church Zone (P/C). The purpose of this zone is to provide areas for public and private noncommercial parks, churches, synagogues, temples and open space. These areas are intended to provide Zillah area citizens with a variety of recreational and religious opportunities and areas for open space.

**17.14.020 Unclassified areas.** All lands not shown or classified according to the official zoning map, unclassified and pending further classification and shall be subject to the regulations of the R-1 district.

**17.14.030 Boundary interpretations.** When uncertainty exists as to the boundaries of any use zone shown on the zoning maps, the City shall use the following rules of interpretation:

- A. Where zone boundaries are indicated as approximately following the centerline of streets, alleys or highways, the centerline shall be construed to be the boundary;
- B. Where zone boundaries are indicated as running approximately parallel to the centerline of a street, the boundary line shall be construed to be parallel to the centerline of the street;
- C. Where zone boundaries are indicated on such map as approximately following the lot or tract lines, the actual lot or tract line shall be construed to be the boundary of such use district;
- D. Where a zone boundary on such zoning map divides a tract of land, the location of such zone boundary, shall be determined by use of the scale appearing on such zoning map; and

- E. When uncertainty exists, which cannot be determined by application of the foregoing rules, the Planning Commission shall recommend, and the City Council shall determine, the location of such use zone boundaries.

**17.14.040 Table of Permitted Uses.** Land uses shall be permitted in accordance with the following Table of Permitted Uses, provided that:

- A. Only those uses identified with a P (Permitted), C (Permitted only through the issuance of a Conditional Use Permit), S (Permitted only through a Special Use Permit), or A (Permitted only as an accessory use) may be approved;
- B. Uses not specifically identified as permissible (P, C, S, or A), or authorized through an administrative code interpretation, may not be approved;
- C. The permissibility of uses not specifically listed, or any questions about the interpretation of this Table, shall be addressed through an administrative code interpretation utilizing the 2002 North American Industry Classification System (NAICS) Manual and the intent of each zoning district.

Nurseries, greenhouses and landscaping contractors and supplies					P	P	P	
Offices, banks, professional services and financial institutions					P	P	P	
Off-site hazardous waste treatment and storage facilities							C	
On-site hazardous waste treatment and storage facilities as an accessory use to any activity generating hazardous waste and lawfully allowed in this zone					A	A	A	
Outdoor Concerts					S	S	S	S
Parades					S	S	S	S
Personal services					P	P	P	
Pet Shops					P		P	
Plants for the processing and storage of agricultural products, such as fruit packing plants, canneries, milk plants, warehouses, fruit and vegetable cold storage plants							P	
Printing and photocopy establishments					P	P	P	
Railroad facilities of all types							C	
Recreational equipment sales and rentals, to include motorized vehicles						P		
Recycling operations Center							C	
Repair and storage of heavy equipment, including farm equipment							P	
Residential and Commercial mini-storage					P	P	P	
Retail businesses					P	P	P	
Retail lumber and building materials					P	P	P	
RV Parks						C		
Self-service Laundromats					P	P	P	
Sheet metal and cabinet shops							P	
Smelting, reduction or refining of metallic ores							C	
Storage and distribution facilities for bulk fuel, coal and oil							C	
Transportation brokerage offices, with truck parking						C	P	
Transportation brokerage offices, without truck parking					P	P		
Truck service stations, washes and Truck Shops						C		
Upholstery and furniture repair shops					P	P	P	

	R-1 <sup>10</sup>	R-2	R-3	SR <sup>10</sup>	C-1 <sup>9</sup>	C-T <sup>9</sup>	M-1 <sup>9</sup>	P/C <sup>9</sup>
Veterinary clinics and animal hospitals provided that all animal holding facilities are indoors					P		P	
Video Stores					P	P	P	
Wholesale businesses, warehouses and storage buildings							P	
Wineries and wine tasting rooms					P	P	P	
Wireless Communication Facilities					C <sup>17</sup>		C <sup>17</sup>	

Footnotes:

1. No greenhouse or combination thereof shall exceed one hundred fifty (150') square feet of floor area.
2. Only for accommodation and not to exceed two persons.
3. Not subject to minimum lot size requirements.
4. Incidental to the principal use including private garages and storage sheds, providing that no accessory building or combination thereof shall occupy more than fifteen percent of the total lot area.
5. As defined in ZMC 17.04.020 (B)(48) and meeting the provisions of the animal control ordinances, and:
  - a. The Planning Official is authorized to interpret all provisions of this Title regarding livestock, including but not limited to determinations whether an animal meets the definition of a permitted livestock. Decisions of the Planning Official may be appealed to the Planning Commission in accordance with the provisions of this Title;
    - i. The Planning Official may establish such conditions of Special Use Permit for 4-H and FFA projects approval as may be necessary to ensure compliance with the requirements of this Title, to promote compatibility with neighboring uses, and to protect environmentally sensitive areas.
  - b. Fowl (chickens, ducks, geese, etc) shall not be permitted in any zone under any circumstances;
  - c. Only one (1) horse, mule, donkey, pony or other animals as determined by the Planning Official to be similar in nature and size per two (2) acres of irrigated pasture, only one (1) cow, llama, emu or other animals as determined by the Planning Official to be similar in nature and size per one (1) acre of irrigated pasture, five (5) sheep, goat, pygmy goat or other animals as determined by the Planning Official to be similar in nature and size per one (1) acre of irrigated

pasture based on a finding that the amount of land available is adequate and that all other requirements can reasonably be met;

- d. Under no circumstances will livestock be allowed on lots less than one (1) acre of irrigated pasture;
  - e. Pastures must be fenced and maintained;
  - f. All livestock, barns, animal shelters, and livestock byproducts must be setback at least fifty feet from property lines, provided that the setback may be reduced to ten (10) feet on the side and rear setback and twenty (20) feet on the front when the adjoining property is also zoned SR. At the discretion of the Planning Official/ Planning Commission, the above referenced setbacks may incorporate off-site physical features such as, but not limited to, road right of ways, railroad right of ways and canal right of ways, as part, or all, of the setback requirements, when in the determinate of the Planning Official/ Planning Commission, the setback meets the intent of the provision.
  - g. Barns and shelters for housing livestock must be maintained in a clean, healthful, and sanitary condition;
  - h. Offspring of permitted livestock shall be removed within six months of birth, if their presence exceeds permit conditions;
6. Swine may only be permitted in the SR Zone in accordance with the following provisions:
- i. The swine may only be kept for a period not to exceed five (5) months in a calendar year and only in conjunction with an approved FFA or 4H approved project/event; and
  - ii. No more than four swine per parcel may be permitted.
  - iii. The fees for a Special Use Permit associated with keeping livestock in conjunction with an approved FFA or 4H activity or event shall be listed on the City of Zillah's current land use fee schedule.
7. Only if more than six hundred lineal feet from any public park or open space, residentially zoned property, publicly owned building or property opened to the general public on a regular schedule, church, or school property used by any number of enrolled students during the regular school year. Distances shall be measured from closest property line to closest property line.
8. Consistent with the requirements and state limitations of state law (RCW 71.09.250, and any community based facilitates established under RCW

Chapter 71, and operated by or under contract with the Secretary of the Department of Social and Health Services).

9. Any and all construction, alteration or modifications to buildings, structures, walkways, signs, landscaping or lighting, and designs on properties located within the boundaries designated on the Design District maps 1 and 2, except for existing single-family residence dwellings not used for commercial purposes, shall conform in exterior design to the Tuscan/Old World European architectural theme adopted by the city.(ZMC 15.30) All such areas shall be designated as being in the Tuscan/Old World European Design District. These requirements shall include, but are not limited to, any painting, signage, doors, windows, wall finish, fencing, exterior improvements or substantial alteration or remodeling of structures as well as new construction
10. The design standards per Section 17.22.070 (G) shall apply to all newly constructed or newly placed dwellings in the R-1 and SR Zones.
11. Prior to commencement of any landscape, installation or any modification of existing landscaping, plans must be review and approved in writing by the Building Official. Landscaping shall be continuously maintained in a neat and orderly fashion such that it presents a well kept, visually pleasing appearance at all times. Landscaping shall be maintained insect free. Recommended planting materials are listed in the Design Standards for the Tuscan Theme for the City of Zillah.
12. The placement of a manufactured home shall comply with Section 17.88.090 (D).
13. The placement of a temporary structure(s) per Section 17.82.040 (A) for the housing of equipment or containing supervisory offices in connection with major construction projects.
14. Single-family dwelling unit accessory to an professional, commercial or industrial use for occupancy by the caretaker, guards, or watchmen consisting of a dwelling unit not exceeding eight hundred (800) square feet of living area and occupied by a caretaker, guards, or watchmen. Dwelling unit must be attached or inside the existing structure and only be in the Commercial, Commercial-Tourism, Manufactured-Light and Public Lands and Churches Zone.
15. Model homes shall be established subject to Section 17.88.120 criteria.
16. Game rooms or Meeting Halls shall be established subject to the current or amended RCW 9.46 for the State of Washington and any current or amended City of Zillah regulation on Gambling.
17. Nothing in this Title shall operate to restrict or limit the City's ability to adopt and enforce all appropriate ordinance requirements for telecommunications

carriers' and providers' use of the rights of way and public property, procedures for application and approval of telecommunication business registrations, telecommunications rights of way use authorizations, franchises and facilities leases, and describing violations and establishing penalties. Nothing in this chapter shall operate to release in whole or in part any Applicant for a WCF facility from the obligation to comply with such ordinances, rules and regulations of the City of Zillah.
